We collect and use your personal data (name, first name, address, number of shares, class of shares, type of ownership of shares, registration confirmation number, access data for the Investor Portal and other data provided when registering for the Annual General Meeting) to enable you as a shareholder to follow the Annual General Meeting by means of electronic communication, to exercise your voting rights (including the exercise of voting rights by postal vote or by authorizing the proxies appointed by the Company) and to exercise your other shareholder rights at the Annual General Meeting.

The processing of your personal data is mandatory for the preparation and execution of the virtual Annual General Meeting, in particular for communication with shareholders, for enabling voting by way of electronic communication via the Investor Portal, for ensuring that resolutions are adopted properly and for preparing the minutes of the virtual Annual General Meeting in accordance with section 129 para. 1 sentence 2 AktG. If you make use of your option to ask questions pursuant to Section 1 para. 2 sentence 1 no. 3 of the COVID-19 Act and submit questions via the Investor Portal prior to the virtual Annual General Meeting, we will store your other shareholder information, including the question content you have voluntarily submitted, together with your name. The Management Board of the Company will answer the questions at its discretion by mentioning your name during the Virtual Annual General Meeting, unless you have expressly objected to this mentioning by name. If you submit an objection to the minutes of the virtual Annual General Meeting or make, change or revoke any other statements, we will store this objection or these statements together with your name. We will only publish your name if you have expressly requested this or if we are legally obliged to do so (e.g. in the event of objections: Here, the name of the opposing shareholder must be recorded in the notarial record, which can later be retrieved from the Commercial Register). Data processing necessary for the organization of the virtual Annual General Meeting may also be carried out on the basis of overriding legitimate interests (Art. 6 para. 1 sentence 1 letter f) DSGVO).

The storage period is regularly up to three years for the data collected in connection with Annual General Meetings. Beyond that, we only keep personal data in individual cases, if this is required in connection with claims asserted against our Company.
